

ANS IMRAN SHAHID

LCA Specialist | Environmental Scientist | Sustainability Analyst

City: Gothenburg, Sweden | Phone: +46 700 065 783 | Email: ansimran300@gmail.com | LinkedIn: linkedin.com/in/ans-imran
ORCID: [0009-0009-0434-7988](https://orcid.org/0009-0009-0434-7988) | Residence-permit valid December 2026 — no sponsorship required

PROFILE

Environmental scientist specializing in Life Cycle Assessment and product sustainability, with hands-on experience delivering ISO 14040/44-compliant studies within an EU Horizon Europe project (PVT4EU). Co-author of an official EU deliverable (D6.2) and a peer-reviewed publication. Sole author of an ISO-aligned LCA Standard Operating Procedure. MS research in e-waste and circular material flows; BS in environmental toxicology. Certified in CSRD, ESRS, and EU Taxonomy. English C1 (IELTS 7.5); Swedish A2, advancing at SFI Gothenburg.

CORE SKILLS

LCA and PCF: OpenLCA, SimaPro, GaBi, ecoinvent 3.9.1, ReCiPe Midpoint (H), ISO 14040/44/67, Product Carbon Footprinting, Life Cycle Costing, Eco-design, Circular Economy

Sustainability Reporting: CSRD/ESRS, EU Taxonomy, Double Materiality Assessment, ESG Compliance, EIA/IEE, Environmental Product Declaration (EPD)

Laboratory: Atomic Absorption Spectroscopy (AAS), HPLC, Environmental Sampling (air/water/soil), Acid Digestion

Data and Tools: Power BI, Python, SQL, Tableau, SAP (basic), Microsoft Office

PROFESSIONAL EXPERIENCE

Professional Development and Career Transition | Gothenburg, Sweden *Jun 2025 – Present*

- Completed 5 professional certifications in CSRD, ESRS, and EU Taxonomy through Greenomy Academy / Position Green (Aug 2025) to build structured regulatory reporting expertise.
- Participating in career development coaching programme in partnership with Arbetsförmedlingen (Nov 2025 – present).
- Enrolled in Swedish language studies at SFI Level C, Folkuniversitetet Gothenburg (Jan 2026 – present); advancing to Level C-Advanced, May 2026.

Environmental Engineer (Intern) | MG Sustainable Engineering AB, Uppsala, Sweden *Feb 2025 – Jun 2025* | EU Horizon Europe Project PVT4EU (CETP-2022-00403)

- Co-authored EU Deliverable D6.2 — cradle-to-cradle LCA and LCC of two PVT collector prototypes; official EU project output reviewed by EU project officers and directly informing Version 2 R&D design decisions.
- Quantified Product Carbon Footprints of 16.6–23.9 kg CO₂-eq/m² and Energy Payback Times of 1.0–1.4 years (V1 PVT-SP) vs 6.3 years (V1 PVT-MG); built ISO 14040/44/67-compliant OpenLCA models mapping 100+ components across full life cycle including four end-of-life scenarios.
- Sole author of company Standard Operating Procedure for LCA aligned with ISO 14001/14040/14044/14048; peer-reviewed and approved by project supervisor.
- Power BI analysis of a 10-year Horizon Europe grant dataset; co-authored peer-reviewed conference paper published in Energy Proceedings, Vol. 61, 2025.

Career Transition — International Relocation

Jan 2023 – Feb 2025

- Relocated from Pakistan to Sweden; focused on settlement, Swedish language foundation, and professional acclimatisation to the European sustainability sector.

Sustainability and Laboratory Analyst | GCEC Pvt. Ltd., Lahore, Pakistan

Oct 2021 – Jan 2023

- Performed ISO 14040/44-compliant LCA and LCC for renewable energy and industrial products; modelled scenarios identifying approximately 15% CO₂ reduction potential through material and process substitutions.
- Conducted trace metal detection (AAS) and chromatographic analysis (HPLC); maintained ISO-traceable calibration logs and analytical records. Prepared 10+ compliance reports for regulatory stakeholders.

Data Analyst | Seocial9 / Al Akhzir Tech (Pvt) Ltd., Lahore, Pakistan

Apr 2019 – Jul 2021

- Applied Python, SQL, and Tableau to analyse marketing datasets; campaign optimisations contributed to a 15% increase in client sales.

Environmental Scientist | Pak Enviro Consultants, Lahore, Pakistan

Feb 2018 – Apr 2019

- Delivered environmental impact analysis for 5 regulatory projects (2 EIAs, 3 IEEs); baseline environmental surveys of air, water, soil, and noise; contributed to Environmental Management and Monitoring Plans.

EDUCATION

MS Environmental Sciences | University of the Punjab, Lahore, Pakistan

2018 – 2020 | CGPA 3.68 / 4.00

- **Thesis:** Feasibility of Precious Metal Recovery from E-Waste — optimised gold extraction from processors, motherboards, and RAM via double leaching (HNO₃ + aqua regia); average yield 0.623 g/sample. Relevant to EU Critical Raw Materials Act (CRMA 2024) priority materials.

BS Environmental Sciences | University of the Punjab, Lahore, Pakistan

2014 – 2018 | CGPA 3.06 / 4.00

- **Thesis:** Heavy Metal Toxicity in Commercially Important Fish Species, Mangla Dam — AAS quantification of Cu, Pb, Cr, Cd in fish tissue and water; ANOVA-based bioaccumulation analysis across six species and four organ types.

CERTIFICATIONS

- CSRD & ESRS Certification Suite (5 certifications: CSRD & ESRS for Corporates, Double Materiality Assessment, EU Taxonomy & Sustainable Finance, Voluntary ESRS for SMEs, Gap Analysis for CSRD Reporting) — Greenomy Academy / Position Green, 2025
- Google Data Analytics Professional Certificate — Google / Coursera, 2022
- Python Essentials 1 — Cisco Networking Academy / OpenEDG Python Institute, 2023

LANGUAGES

English: C1 — Professional working proficiency (IELTS 7.5, 2022)

Swedish: A2 — Conversational; SFI Level C-Advanced, Folkuniversitetet Gothenburg (advancing May 2026)
